PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the NPIC Photographic Analysis Group.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training area or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

SUMMARY

A secured storage area is located on the southwest edge of Berezayka (Figure 1).

This installation covers approximately 200 acres and contains a support area with 2 administration buildings, 4 barracks, and 12 support buildings and a double-secured storage area with 26 storage buildings, 3 support buildings, and

an open storage area (Figures 2 and 3). The military significance of this installation is undetermined.

The area is covered on [REDACTED] KEYHOLE missions between [REDACTED]. The installation appears to be occupied on all coverage and no change is discernible.

DESCRIPTION OF INSTALLATION

Railroad Service

A spur from the Chudovo-Vyshniy-Volochek rail line enters the installation and divides into 3 sidings.

Road Service

A secondary road provides access to Berezayka.

Administration and Troop Housing Area

Area D contains 2 administration buildings, 4 barracks, and 12 support buildings.

General Storage Area

Area E is doubly secured and contains 26 storage buildings and 3 support buildings. Twelve of the storage buildings are rail served. A small open storage area is in the northeast corner of the secured area.
